AN INVITATION

On Behalf of the NSW Coastal Council and Hastings Council, we would like to extend a warm invitation to you to attend the 12th Annual NSW Coastal Conference. This important event will be held in Port Macquarie, a fast growing regional centre serving 67,000 residents located on the mid north coast of NSW.

Professor Emeritus Bruce Thom
Chair, Coastal Council of NSW

Cr Wayne Richards
Mayor of the Hastings

The theme of our event this year is "Surging Ahead - Success stories in coastal management". We hope that the conference will promote ideas, policies and case studies which give us solutions for the problems we face in coastal communities.

So come along and enjoy the natural attributes of the Hastings area while you learn about the latest trends in coastal management!

Overview

In order to better manage our sensitive coastal resources we need to exchange ideas, information and practical examples of "success stories in coastal management". The theme of this Conference reflects the objective of highlighting effective management techniques that can be applied in coastal areas.

Conference Structure

The 2003 Coastal Conference will feature keynote addresses, platform presentations, interactive presentations, case studies, field trips and workshops. It is proposed that there will be weighting towards more practical knowledge sharing (ie: case studies, workshops, & field trips), however we need your feedback to more accurately assess this - see below.

Likely Costs

The likely three-day Conference Registration will be approximately \$500 per delegate, with the Conference Dinner around \$70. A variety of accommodation styles and costs will be offered as well.

Who Should Attend?

This Conference will be relevant to anyone who works in or has an interest in coastal issues. The type of professions which have been represented in the past include:

COUNCILLORS
ARCHITECTS
TOWN PLANNERS
FISHERIES STAFF
NPWS STAFF
DSNR STAFF
ENVIRONMENTAL GROUPS

ENVIRONMENT PROTECTION
AGENCIES & AUTHORITIES
ENGINEERS
ACADEMIA
STUDENTS
