Join us in Coffs Harbour for the 6th National Waste Management Conference.

The Waste 2004 Conference will feature keynote addresses, platform presentations, poster presentations, case studies, field trips, workshops and the popular Trade Expo. It is proposed that there will be an increased focus on practical knowledge sharing, ie: case studies, workshops, & field trips as well as the popular social and networking events.

We are also considering a pre-conference bus tour beginning in either or both Sydney & Brisbane - taking in some key waste management facilities on the way to Coffs Harbour.

Delegates will also enjoy the social events including the Conference Dinner and Welcome Reception with free-time opportunities to visit local attractions and activities.

For more information about any aspect of this event, please phone the Conference Organisers Jem Hansen or Greg Freeman at Impact Environmental Conferences on (02) 6582 7123, or email: waste2004@impactenviro.com.au
