Coffs Harbour... on the beautiful NSW mid-north coast

Waste2007

Waste Avoidance & Resource Recovery Conference

skills ~ knowledge ~ networks

Australia's premier waste management conference

Building on success!

Coffs Harbour has hosted seven highly successful waste management conferences since 1996, and this event will be no exception. With a program and activities to educate and inspire, Waste 2007 is all about building skills, knowledge and networks!

Conference Program

The conference will feature keynote presentations, streamed sessions, skills development, case studies, field trips, workshops and a new layout trade exhibition.

A Draft Program is available online and will be updated regularly, with the Final Program expected to be available in June 2007.

About The Venue

Coffs Harbour is situated midway between Sydney and Brisbane on the Pacific Highway and is serviced by rail and several airlines. Opal Cove Resort is a few kilometres north of the City Centre, and offers excellent conference, accommodation and recreation facilities - all just 100 metres from the Pacific Ocean!

Likely Costs

Fees for the 2 day conference will be less than \$600, including the Welcome Reception, morning and afternoon teas, lunches, conference satchel and proceedings. Optional Friday education and training activities will be charged separately at \$130, the formal dinner at \$95, and the BBQ dinner at \$77.

Sponsors & Exhibitors

A variety of packages are available, providing a unique and powerful medium to access corporate and government customers. Download the Sponsorship Proposal from the conference website, or complete the EOI form for all the details.

Call for Papers

We are seeking those interested in presenting a paper or workshop who have an inspiring, innovative, or educational case study, research or policy topic. As well as the latest key issues in waste management we are looking for skills development or training in areas such as landfills, contracts, planning and management. A one page (300-600 word) abstract is required by **Friday 23rd March** - visit the 'speakers' page of the website for submission templates and more info.
